Mr Tony Coleman, President
The AaSys Group
11301 N US Hwy 301
Suite 106
Thonotosassa, Fl 33592

Dear Tony:

Cortez Community Bank is in its fifth year of operation in Hernando County. We are pleased at the growth we have experienced and the level of success we have achieved. Our success is due, in part, to the partners we selected when forming the bank in 2003. As you recall, AaSys was one of the first firms that came on board to assist us with getting the bank up and running. At that time, the expertise of your staff and the contacts AaSys has in the industry was invaluable to us with the myriad of tasks that is part of starting a new bank. You and your staff continue to be a part of our daily activities through your network support, IP monitoring and patch management services, and installation and maintenance of our IT equipment.

What has been of even greater value to us is the ability of AaSys to assist our bank with strategic planning projects. Our new branch in Spring Hill (opened earlier in 2008), recent changes to our Business Continuity Program with a Virtual Server solution put together and implemented by AaSys and our recent due diligence efforts with regard to contract negotiations for core processing services speak to the value of your consulting services. There was not enough hours in the day for me to take on these projects alone.

Having a dedicated account manager in Kellye Dash and a stable customer support and field engineering staff makes communication between AaSys and the bank so much easier. Your staff knows us and our needs and is always willing to go the extra mile to lend assistance.

I value the relationship with AaSys and would, and do, strongly recommend your services to other bankers. I look forward to a long and successful relationship for both companies.

Very truly yours,

A handwritten signature in blue ink, appearing to read 'Kathy', with a long, sweeping underline.

Kathleen A. Vidal, Sr VP & COO
